

Community Group Lesson

1.11.2015

This week we continue the series *This is how we change the world*. In this message series we believe the world can really be changed. One person can do more than they ever imagined. When people are unified and have God's power, nothing is impossible. 2015 – The best is yet to come!

Share with the group someone who has impacted your life. What was it about them or what they did that was so significant?

Read Matthew 22:37-39. A core value of Community Church is Love God, Love people. What does loving God with heart, soul, and mind mean to you? How do you express that in your life?

How does your life reflect loving people? Share a story of someone you've shown love to and the impact it made. Who is most difficult for you to love right now? Why?

Read 1 John 4:19 and Romans 12:9-11. How do these verses impact how you love people? What changes might you need to make in your heart to love people more?

Read Romans 10:14-15. Another core value of Community Church is To proclaim and become Good News. God requires both sharing the Good News and living it out. Which one is easiest for you? Share with the group ways you do this.

Discuss some practical things each person can begin doing this week to demonstrate both of these values.

Pray together. Pray for God's love to overcome each person as we learn to love God and love people more. Pray that each person finds their identity and confidence in God as we live to reach others.

Attention Group Leaders: For further study refer to the story of Nehemiah 2:8-20 and how he lived out these values.

Note: If you are not in a community group yet, let us know you want to be a part by emailing us at connections@communitychurch.info. We'll be in touch to help you connect!
