

Community Group Lesson

2.1.2015

This week we conclude the series *This is how we change the world*. In this message series we have learned the 10 core values of our church and the importance of living them out every day. By living this way, we believe the world really can be changed. One person can do more than they ever imagined. When people are unified, have God's power, nothing is impossible. 2015 – The best is yet to come!

How have you done at speaking life the past week? Better than before?

We have now walked through our 10 Core Values. Which value(s) has resonated with you the most? Which one do you find yourself living out the most? Which one do you find the most difficult to live out?

Read John 10:10, Habakkuk 2:4, and Isaiah 7:9b. This past weekend we finished the weekend message with a look at living fully alive. Do you feel as though you are currently living fully alive? Why or why not?

Read Philippians 3:10-14, Matthew 5:6, and Ephesians 4:2. What stands out to you the most about the passage in Philippians? Why? What in life gives you a sense of satisfaction? How often do you realize this?

Discuss the difference between humility and pride. Where do you fall on this spectrum? How have you changed in this area since beginning a relationship with Jesus?

Who are you bringing with you to church next weekend for the kick off of the *Whole* series? Pray as a group for that person to say yes to the invitation and to come and experience God's love and hope.

Pray together. Seek Holy Spirit to lead, guide, encourage, and empower each person in living out these values for Jesus. Pray for any needs the group may have.

Note: If you are not in a community group yet, let us know you want to be a part by emailing us at connections@communitychurch.info. We'll be in touch to help you connect!
