Leader's Guide for groups occurring April 23rd to April 29th

Bible Lesson:

Did you ever have something bad happen to you that you couldn't stop thinking about or talking about? Did you get angrier as you thought about it?

*After David killed Goliath, King Saul kept him close by. David did everything the King asked him to do, and was given a high ranking in his army. Everyone loved David, and began to sing songs praising all he had done. King Saul couldn't stop thinking about this, and became very jealous of David. Even though David found out the King wanted to have him killed, he still loved and honored his leader. **Read 1 Samuel 23:9-24:22.***
